

Chapter 10

Factoring is the mathematical equivalent of rewinding. When you factor an expression, it is like starting with the answer and working your way back to the question. Chapter 10 reveals a number of handy techniques for factoring expressions.

Factoring **E**xpressions

In this Chapter...

- Factor Using the Greatest Common Factor
- Factor by Grouping
- Recognizing Special Factor Patterns
- Factor Simple Trinomials
- Factor More Complex Trinomials
- Test Your Skills
